

ASIAN TRANSPORTATION RESEARCH SOCIETY

## INVITATION TO ESSAY AND PAINTING COMPETITIONS

Theme: Transportation for a better life: Transport Infrastructure for better future

ATRANS invite you to submit your essay/painting to win the PRIZES!

Thailand is going to be a part of ASEAN Economic Community: AEC in 2015, developing transport infrastructure is vitally important as it plays an essential role in our daily life. Development of transport infrastructure and management would entail a convenient access from one place to many other places across country and beyond, hence eliminating social exclusion and improving better quality of lives and better future. Therefore, in order to encourage and raise awareness among youths, Asian Transportation Research Society organizes essay writing and drawing contests on the theme "Transportation for a better life: Transport Infrastructure for better future" which details are as follows:
